

Regular Fit Sizing Guide

How to work out your size

Mix and match!

General note:

By using an adaptor, newer designs with a 40-centimetre connector zip can also be combined with older garments, where the connector zip measures 30 centimetres.

Adaptor	Part number	£ inc. VAT
Jacket 40 cm/trousers 30 cm	72 60 7 653 963	5.25
Jacket 30 cm/trousers 40 cm	72 60 7 653 964	5.25

The following combinations of sizes are possible for garments with all-around zips:

Women	Men
36/18/72	48/50/98/102/24/25
38/40/19/20/76/80	52/54/25/26/106/110
42/44/21/22/84/88	56/58/27/28/114/118
	60/62/29/30
	64/66/31/32

Please inquire with your BMW Motorrad dealer regarding combination options for your current and your new BMW Motorrad rider equipment..

See how you measure up

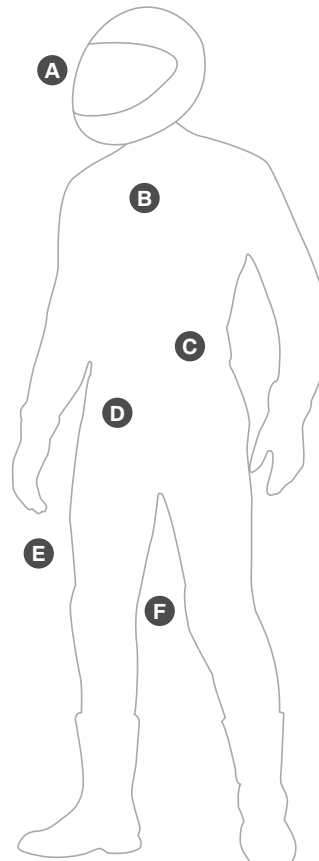

It's essential that a motorcycling suit should fit properly. If it's uncomfortably tight, it can affect concentration while riding, and the same goes if it's flapping loose. Either way, it's an irritation that will take your mind off the road, and so compromise your safety.

Jackets and trousers also have to sit right on the wearer. Sleeves and trouser legs should never ride up, because if they do, it's not just a safety issue – it also means you're not properly protected against the elements. That's why the cut of all BMW Motorrad suits is specially

designed for motorcycling use, and why they all feature a wealth of adjustments, expandable sections and clever details.

However, the most important factor in ensuring a glove-like fit is still making sure that you get the right size. BMW Motorrad knows that riders come in all different body shapes, and so its suits are available in a choice of over 40 different sizes.

To find the one that's right for you, grab your tape measure and follow these simple instructions.

How to work out your size:

- A Height**
Stand barefoot with your back to a door frame. Place a book on your head and use it to make a mark on the door frame. Measure the height from the floor to this mark.
- B Chest**
Take this measurement while wearing a shirt or lightweight pullover. Pass the tape measure under your arms, and take the measurement around the broadest part of the chest and over the shoulder blades.
- C Waist**
Measure around the shirt, just above the top of your trousers. Please ensure you are in a relaxed and natural position, and do not hold in your stomach – that way you'll ensure the trousers later sit comfortably.
- D Hips**
Measure the distance around the body over the hips and the fullest part of the backside.
- E Outside leg**
Measure the distance down the outside of your leg, from the waist of your trousers to the sole of your foot.
- F Inside leg**
Measure the distance down the inside of your leg, from the crotch seam to the sole of your foot.

IMPORTANT:

The following size tables are only for your guidance. They serve as the cut basis for this BMW Motorrad rider equipment collection and are based on body dimensions.

Unless otherwise indicated, please follow the "Standard sizes for models up to 2014" size table on page 33.

For new items after 2014, the cuts are divided into "Comfort Fit" and "Regular Fit". The new cuts are based on the respective area of application of the rider equipment. A reference to the corresponding measurement chart can be found under the respective piece of clothing. To ensure the best possible fit please visit your local BMW Motorrad dealer and try your chosen suit for size.
